Upgrading Lives. One Family At A Time.

Why good drinking water is the most Essential, Economical, and Effective investment in our well-being?

“ About 60% of the human body is made up of water—including major organs like the brain (about 75% water), muscles (around 79%), and blood (roughly 90%)—drinking high quality antioxidant water with natural minerals is crucial for maintaining energy, focus, and overall health.

Quality Water is essential to the human body because it regulates temperature, supports digestion and nutrient absorption, cushions and protects organs and joints, removes waste, maintains circulation, and keeps cells functioning properly.

Having quality, clean water, free from Fluoride and Heavy Metals is especially important to prevent harmful contaminants from entering the body and to keep these functions working efficiently.

How to choose a competent water purifier for family health?

#1 HEALTH BENEFITS OF DRINKING HYDROGEN WATER

There are more than 1000 scientific studies on Hydrogen water that can bring benefits to human and animal well-being. Coral Pure's alkaline hydrogen water is an enhanced version of alkaline water and hydrogen water. It combines both the benefits of alkaline water and hydrogen water and is modelled after certain natural alkaline spring water around the world that have natural dissolved hydrogen molecules. It contains antioxidant hydrogen with ORP around -50 to -100mv, dissolved hydrogen from 100-200 ppb or 0.1-0.2 ppm and dissolved oxygen value of about 15-18 ppm. Hydrogen water's potential benefits include reducing oxidative stress, improving athletic performance, and supporting metabolic and cellular health. It acts as an

antioxidant, which may help lower inflammation, and some studies suggest it can improve endurance, reduce fatigue, and have positive effects on skin and mental health.

#1 HEALTH BENEFITS OF HYDROGEN WATER

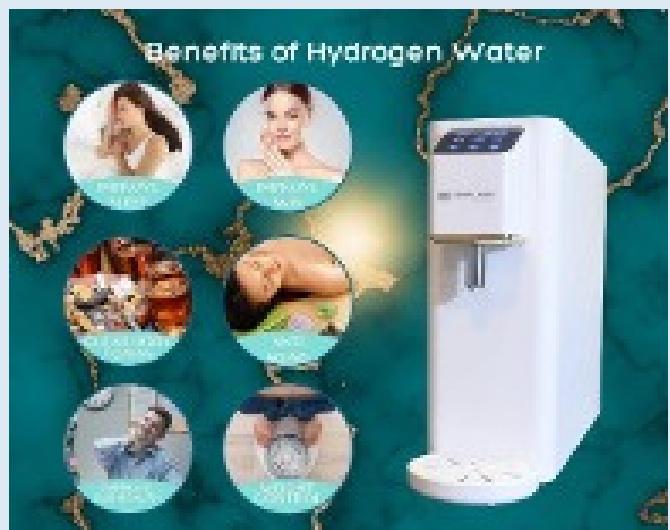

Some other benefits of drinking Hydrogen water:

- 1) May Help Prevent Brain Damage
- 2) May Help Improve Mood Disorders
- 3) May Help Suppresses Inflammation
- 4) May Help Reduce Muscle Fatigue, Motor Deficits, and Muscle Degeneration
- 5) May Help Prevent Metabolic Syndrome
- 6) May Help in Weight Loss

- 7) May Help Enhance Mitochondrial Function
- 8) May Help Treat Diabetes
- 9) May Treat Metabolic Acidosis
- 10) May Assist in Preventing Cancers
- 11) May Help Reduce Side Effects of Cancer Treatments
- 12) May Help Boost Skin Health
- 13) May Help Enhance Wound Healing

- 14) May Help Limit Damage of Transplant Organs
- 15) May Help Improve Bladder Dysfunctions
- 16) May Help with being Cardio-Protective
- 17) May Help Protect the Eye
- 18) May Help Prevent Hearing Loss
- 19) May Help Combat Allergy
- 20) May Help Ameliorates Kidney Disease
- 21) May Help Protect the Liver
- 22) May Help Promote Gut Health
- 23) May Help Protect the Lung
- 24) May Help Relief Pain
- 25) May Help Prolong Lifespan
- 26) May Help Promote Oral Health

#2 REMOVAL OF FLUORIDE

Are you aware that Fluoride is related to many chronic health issues?

Fluoridation has been banned in most countries. Only around 5% of the population worldwide drink artificially fluoridated water.

	MICRO FILTRATION 10 micron	ULTRA FILTRATION 0.1-0.01 micron	NANO FILTRATION 0.001 micron	REVERSE OSMOSIS 0.0001 micron

We use
NSF 58
Certified
Reverse
Osmosis
(0.0001
micron)

Singapore practices fluoridation. Yet, more than 95% of the water purifier brands are unable to remove Fluoride as their filtration pore size is bigger than 0.0001 micron.

Only **NSF ANSI 58** certified filter can thoroughly remove Fluoride and toxic Heavy Metals

SCAN QR CODE

Fluoride causes health damage:

SCAN QR CODE

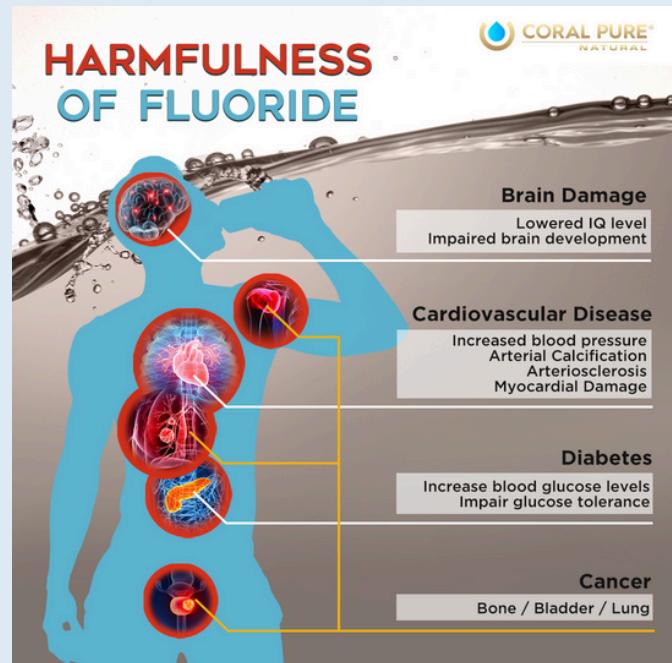

US government report says fluoride at twice the recommended limit is linked to lower IQ in kids:

<https://www.channelnewsasia.com/world/us-government-report-says-fluoride-twice-recommended-limit-linked-lower-iq-kids-4560001>

#2 REMOVAL OF FLUORIDE

Fluoride causes Cancer

We wish to emphasize that Singapore PUB tap water is well regulated. The heavy metals and fluoride contents are within WHO Guidelines. Although many developed countries banned fluoride, Singapore is one of the few countries that fluoridate tap water, still within the safe limit for consumption.

(Only around 5% of the population worldwide drink artificially fluoridated water)

Coral Pure Natural developed Premium Water Systems specially catered for those who are serious in maintaining better health for their family as well as those who are suffering from chronic illnesses and cancers. These groups of consumers prefer water that is free from Fluoride and Heavy Metals, drinking water for better maintenance and well-being.

Coral Pure Natural has proven water purifier systems that offers a Money-Back Guarantee on Health Improvement, backed by countless life-changing testimonials.

#3 REMOVAL OF HEAVY METALS, CHLORIDE, SULPHATE, AND OTHER HARMFUL TOTAL DISSOLVED SOLIDS (TDS)

Heavy Metals can be found in your drinking water, which can be caused by corroded water piping, incompetent maintenance of water storage etc. These Heavy Metals damages our DNA structure, affects cognitive functions and development, induces cancer and many other acute and/or chronic diseases, taking away the quality of our life.

TDS is essentially a measure of harmful impurities, minerals or anything dissolved in water that is not a H₂O molecule. Heavy Metals and toxic TDS removal can only be effectively done through the use of Reverse Osmosis. NSF ANSI 58 (with 0.0001 micron pore size) is the highest filtration certification which can completely remove impurities. Majority of the brands only use the basic NSF/ANSI 42 filtration to remove chlorine and improve water taste.

More than 95% of water dispensers / purifiers do not have NSF 58 certified filter to remove Fluoride, Heavy Metals, Micro plastics, etc.

#4 REMINERALISATION AND RESTRUCTURING

What WHO Says About Healthy Drinking Water?

The World Health Organization has recommended healthy drinking water must contain key natural alkaline minerals like calcium and magnesium. Coral Pure Natural ensures that you and your family will enjoy all the benefits of the truly healthy, nutritious water you need. Now you can heal chronic illness and get the robust health you want and deserve.

"Both calcium and magnesium are essential to human health. Inadequate intake of either nutrient can impair health"

Without minerals, we'll suffer a lot of diseases and may not achieve the longevity of life we've always dreamed of.

In 2009, World Health Organization (WHO) released a publication on the topic of 'Calcium and Magnesium In Drinking Water', a 190 pages report including data to share great health benefits of calcium and magnesium in drinking water.

These are found in Coral Pure's premium water system, as all alkaline and mineral filters used are rich in natural calcium and magnesium. With sufficient intake of calcium and magnesium, the human body can avoid lots of health complications and chronic diseases.

Calcium and Magnesium in drinking-water:
<https://www.who.int/publications/i/item/9789241563550>

Coral Pure's Structured, Energized antioxidant hydrogen mineral water has smaller cluster size water molecules for better absorption at the cellular level, to bring about better hydration.

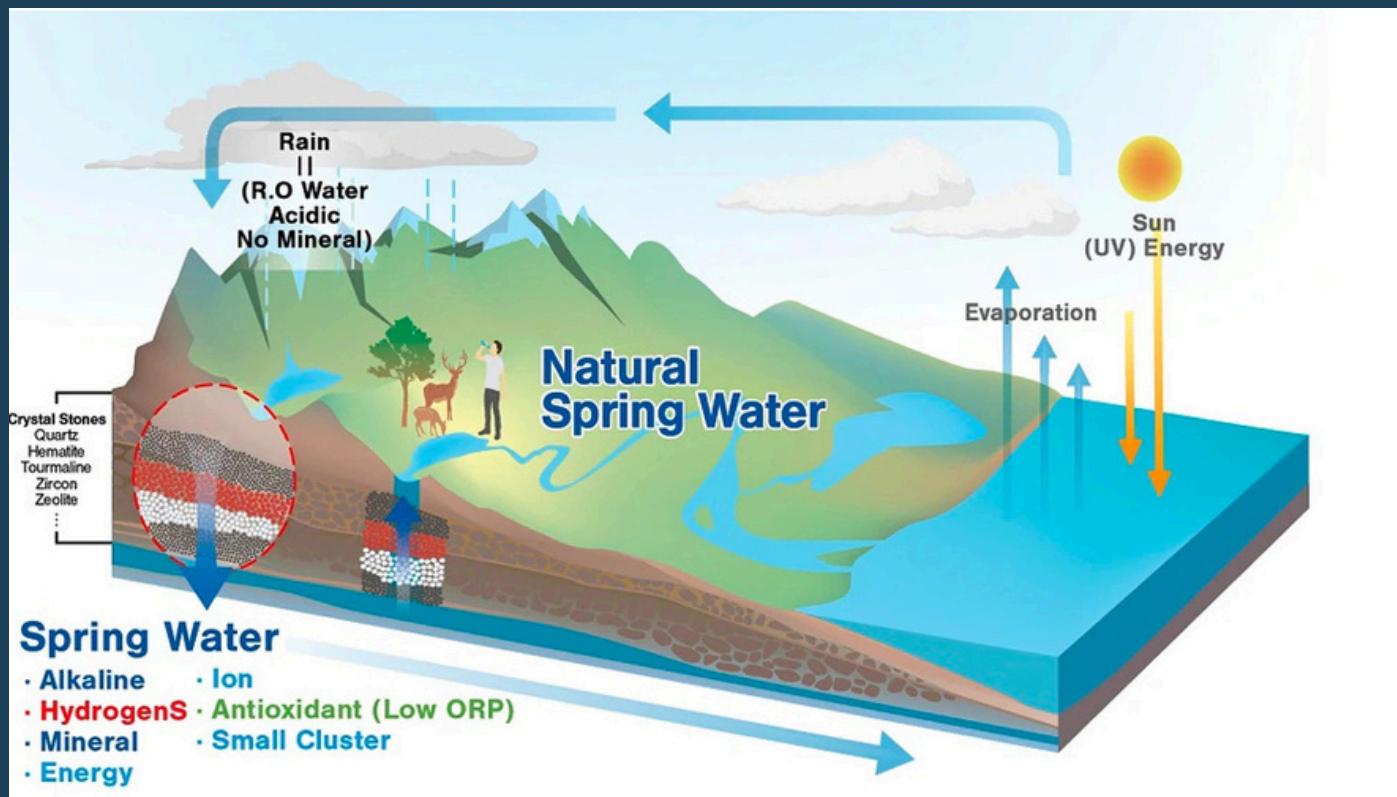

Above it, improve the flavour of your soup and beverages with Coral Pure!

Youtube video of Tea Bag Test:
<https://www.youtube.com/shorts/zNkGAvx-RnE>

#4 REMINERALISATION AND RESTRUCTURING

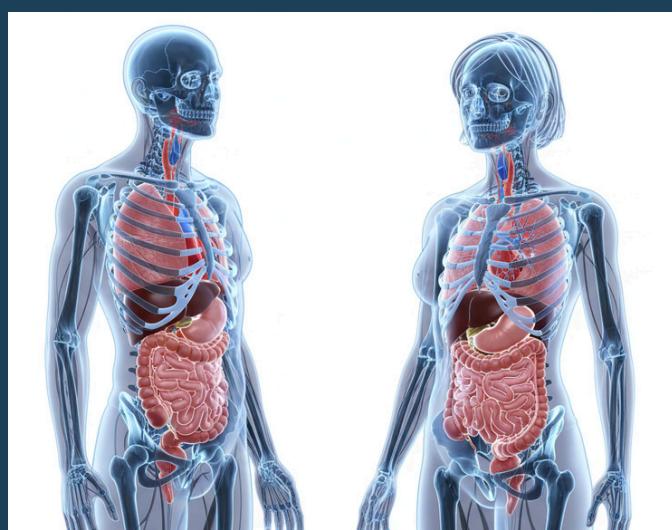

CORAL PURE'S NATURAL ALKALINE WATER IS ESSENTIALLY MODELLED AFTER NATURAL SPRING WATER.

When the water flows down and clashes with the rocks, it absorbs minerals that naturally increases the alkalinity level of the water. This process is dubbed as "Natural ionized water."

Natural Alkaline Minerals especially calcium and magnesium are essential for every organ to function effectively, enabling these organs to maintain pH balance in the human body.

Especially for a properly structured energized Antioxidant Hydrogen Natural Alkaline Mineral water, with smaller cluster size molecules, its minerals can be absorbed faster than minerals found in fruits and vegetables. High quality water improves the quality of blood and cells in your body, aiding in detoxification naturally and overall well-being.

#5 REVIEWS AND TESTIMONIALS

Filtration Type

(by market share)

Partial Vs Thorough

20%	Type A	Partial Purified without natural alkaline minerals
50%	Type B	Partial Purified with added natural alkaline minerals <i>Coral Pure Premium 4, 5 & 7</i>
20%	Type C	Partial Purified with artificial alkaline using electrolysis
5%	Type D	Thorough Purified WITHOUT natural alkaline minerals <i>(Distilled/pure RO water not suitable for drinking)</i>
★ 5%	Type E	Thorough Purified (TDS removed) + Restructuring with natural alkaline, hydrogen, minerals, dissolved oxygen, smaller cluster size water molecules <i>Coral Pure All Premium 9 Series Model</i>

★ Most Preferred. Similar to non-polluted natural spring water

Coral Pure Natural has a proven system that helped many users to upgrade their health. We are also the only one that can offer health improvement guarantee that comes with 100% money refund.

All our testimonials and reviews on health improvement are of Type E (Premium 8 and 9 series). They fulfil the capabilities of removing all kinds of toxic impurities, especially Fluoride, Heavy Metals, and bacteria, which more than 95% of water purifiers cannot achieve.

Almost 100% of our users who drink minimum 3 litres of our Type E system (Premium 8 and Premium 9 series) experience health improvement or maintain their health better.

For Type B (Premium 4, 5, and 7) and Type A, C, and D, we do not recommend drinking more than 2 litres daily, as harmful TDS are not removed. This includes Heavy Metals and Fluoride, which is only partially removed. For Type D, it is pure distilled or RO water without minerals, which can cause health deterioration.

Such observations provide confidence for Coral Pure to offer a money-back guarantee on health improvement, as long as the user is willing to drink minimum 3 litres of our Premium 9 water daily.

#6 REVIEWS AND TESTIMONIALS

Ms. Serene

"Freckles Lighten, Constipation Gone, Son's Sinus Cured, Helper's Acne Cured!"

Aunty Lilian

"我的心脏有电池，没有力，喝了Coral Pure 之后，我的心脏操作得很稳，连医生都说我的健康有改善。我的先生有糖尿病，喝了Coral Pure 之后也改善了很多。"

Frey Ng

"We seldom fall sick after drinking Coral Pure, me and my wife have acid reflux, and over the years, We have seen improvement."

Mr. Saaban

"My health screening result shows my diabetes and cholesterol back to normal."

66

Mr. David

After struggling with an old-age wound for an extended period, Mr. David noticed remarkable improvements just two months into regularly consuming Coral Pure.

Ms. Tracy

"之前我每两到三个月就会喉咙痛，喝了Coral Pure 之后完全没有这个问题。我的两个孩子有皮肤的问题，现在也得到改善。"

66

Shanyu Lim

"我喝了Coral Pure 一个星期后，全身水肿就消了。"

★★★★★ 21 minutes ago
Have been using this water filter for almost a year and would like to share our thoughts on it:

1. I thank the most among all my family members. When they were down with Covid earlier this year, I was the only one (out of 9 family members in the house) who did not get the virus. On top of it, my 3 kids' symptoms were very mild and they recovered within 2-3 days.

2. My youngest kid has mild eczema since birth & had to be on medication constantly. He has recently been discharged from regular check ups and medication, to a "need" basis. Though he still has occasional flare ups, they are much milder than before.

3. My husband (in his 50s) has just went for a full medical checkup. He used to have chest pains at times and on regular medication; but was surprised when he's given a clean medical report (except that he needs to work on his weight and exercises).

The above may not be 100% due to the water but am sure there are lots of benefits from it which we can see over the past 1 year.

It's certainly a good investment for the health of our loved ones. Thank you so much for the great product and passion from all at Coral Pure!

Nee Xiao recommends Coral Pure.

生活分享: 我今年六十歲, 水对身体很重要, 我之前用过好多个牌子水机, 包括蒸馏水, 最后还用过超贵的电解盐水机, 都不适合我们身体, 到目前为止, 我正在用Coral Pure 这个品牌的水机. 对我的身体改变极大, 消化系统也改善很多, 列如便秘, 胃酸问题, 膀胱酸痛, 还有脸上有暗黄的问题, 每天用Coral pure 的水早晚洗脸, 有得到很大的改善. 朋友见到我, 都觉得我的脸很白, 很滑, 询问我擦什么东西, 我只是喝好的水, 用好的水来洗脸.
对我各人的精神也有帮助, 从早上六点多忙到晚上十一点多, 都不觉得累! 感恩coral pure !
祝愿天下人, 都有健康身体!

My previous alkaline ionizer cost about 6k with very high running cost, but no significant health improvements. After using Coral Pure for about 1yr++ now, I feel different in health improvement. Taste also very much better and my kids drink more water as compare to previous electrolysis alkaline ionizer. Thank you Coral Pure for giving us high quality natural alkaline hydrogen & minerals water... 😊😊

Since there are many brands around , we took our time testing many of them till we settled on Coral Pure. Because it has the most number of quality filters and produce natural alkaline water. Most importantly, my family loves the taste of the water and it keeps my family healthy over the past 2 years . The after sales service is top notch too ! If you want the best , go for Coral Pure ! It is worth your every penny ! Nothing else comes close ! Don't waste your \$\$ on others !

I have been using water purifiers for more than 20 years, and myself worked in the water purification industry for years, but I've never experienced such a huge difference with any brand like Coral Pure. I was skeptical at first, as I always hold the wrong perception about alkaline water.
The truth is, Coral Pure water has an exceptionally smooth taste that makes drinking so easy and enjoyable. Now I started to enjoy drinking plain water. After trying Coral Pure in just a couple of weeks, I'm amazed that it has resolved my constipation issue! Now my constipation is no longer frustrating me, my body feels so much lighter, dry patches on my skin are gone, and I noticed that I didn't fall sick easily. Thank you Coral Pure!

Was introduced by a relative MLM hydrogen water, which we find it impractical and very expensive in long term. We started sourcing for hydrogen water filter system in the market and glad we found Coral Pure filter system.

After one year of drinking Coral Pure water and using it for cooking, due to smoother taste. Also installed the shower filter, which improves my bad eczema condition. My husband gastric problem improve and our overall health have improved after consuming Coral Pure water.

Thanks to Mr Mattias for the Coral Pure filter system and we highly recommended Coral Pure.

My family and I have been drinking Coral Pure water for 1 year & also using Coral Pure Shower Filter which the purpose is to filter the chlorine and chloramines.

We have seen a great improvement to our body every day, especially for my 7 years old son who had eczema (or rashes) on his body. Now my son skin conditions have fully recovered & he can focus better on school. We strongly believe Coral Pure water has helped us in our daily life.

Thank you to Mattias & whole Coral Pure team!

Coralpure Natural Mineralised drinking water is an excellent source of drinking water and is keeping my self and my family healthy, stable and well. I love the natural light taste of the water. I've been diagnosed with lung cancer since 2020 and I've drinking this water since Dec 2020 and it keep my cancer stable so far.

I've been drinking at least 3 liters a day.

We would recommend it to all who keen to have a good value drinking water.

Muhammad Rafiz recommends Coral Pure. 51 minutes ago

My family been using Coral Pure Premium 8 water dispenser close to 2 years currently. For me personally i dont like to drink plain water because there is a weird taste sometimes. But surprisingly after tasting coral pure water, i find the water taste not bad at all. I started liking it. I even bring it to work daily as my main source of hydration.

I believe all thanks to coral pure water benefits, I find my sinus amazingly better since i started drinking it. My son's eczema has an improvement since he drank coral pure water too.

Thank you Coral Pure for the amazing water!

June Tan 1 review 46 minutes ago

My family has been drinking coral pure water for the last two years. My husband's constipation issues have improved and I have my kidney stones flushed out periodically without having to go thru surgery. We also have the bathroom filter installed as my boy has eczema. Coral pure has helped him to improve his skin condition. Kudos to their wonderful after-sale service team who completes task of changing filter once a year in a fast and professional manner without any mess to clear. 🙏

zakhan abu 1 review-1 photo a week ago

I also noticed a difference in my cat's health. My cat was born on 16 July 2006, and after drinking CoralPure water, she hardly sick. And even if she does, she recovers very quickly. Now, in 2025, I have upgraded my water filter from the Premium 8 to the Premium 9, and it has been an excellent investment for me, my wife, and my cat. Even though she can barely walk nowadays, her overall health is still good, and I hope that with this water, she can continue to live many more years.

Mr. Mattias, the boss, is also a very warm, friendly, and approachable person, which makes the entire experience even better.

I am very happy that I switched to CoralPure. It is one of the best investments I have made for my family and myself. I feel blessed that I chose CoralPure out of so many companies on the internet.

Faith Yu 2 reviews 16 minutes ago

My mom and I have been consuming Coral Pure water for more than a year. The natural taste of the water is something we love, and even the kids have expressed their preference for it over normal plain water. What we have observed is that our skin complexion is getting better and my eczema condition has improved and I have stopped using the anti-itch cream since then. After drinking Coral Pure water, our blood test results have confirmed a positive impact on our health.

I am grateful to Mattias and team for their excellent service!! 🙏

I've been using the Coral Pure Water Dispenser at home for over 2 years now, and it has made a remarkable difference in both my health and my dog's well-being. For years, I struggled with a dry throat and frequently dealt with sore throats and ulcers. Since having the Coral Pure dispenser, my throat and ulcer issues have greatly improved, and I rarely experience soreness anymore.

What's even more incredible is the transformation in my dog's skin. He's had a genetic skin problem for over 10 years, requiring regular vet visits yet the skin issue still not fixed. However, since switching to Coral Pure water, not only has his skin condition improved and we have stopped visiting vet for his skin issue now. Also his fur has also become softer than ever before.

This water dispenser has truly been a game changer for both of us, and I'm extremely grateful for the positive impact it's had on our health. Highly recommend it!

Katherine Megan Phang recommends Coral Pure. 19 June 2020

I am a cancer survivor after knew about Coral Pure Water. I don't need to worry about the impurity in the water, some more this water has the mineral that my body needed and it detoxifies my toxin. I have an improvement in my bowel movement. The water is so fresh and tastes nice. In Tampines Elderly Centre we have a very nice machine with hot and warm water. Thank you Coral Water.

#6 HEAVY DUTY FILTERS (LOW MAINTENANCE COST)

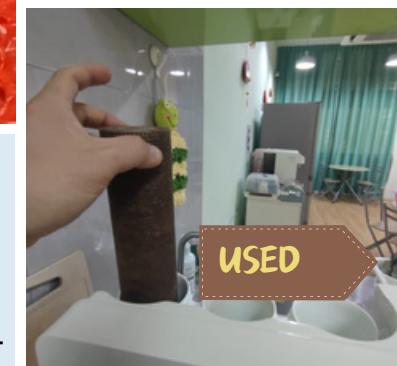

It is important to use purified water for washing and cooking because Chlorine in tap water can be easily absorbed into fruits and vegetables (within a few seconds) during preparation. This will in turn affect the quality of the food, as well as the health of consumers in the long run!

Most water systems provides very low filtration capacity, providing only 2,800 to 5,000 litres filtered water per filter change. With regular cooking and drinking, the filters would have to be changed twice/ thrice minimally for a family of four and above. Filters with lower capacity have a shorter lifespan and require a higher frequency of change. Once the filters are contaminated/ overused, the drinking water gets compromised, possibly resulting in increased acidic drinking water that can cause numerous health conditions.

Coral Pure's Premium 9 series are heavy-duty systems with more and bigger-sized filters. 10,000 litres available for cooking and washing, as well as another 10,000 litres for drinking from the tankless dispenser. The filters only have to be changed once a year, keeping the maintenance costs low.

Coral Pure Heavy Duty Water Filters Vs Common OEM Filters:

USED VS NEW FILTERS

This is how Coral Pure's heavy-duty filters work tirelessly every day to deliver safer, cleaner, better-quality drinking water for you and your family.

Premium 9 Series: Money back guarantee on Highest Spec Filtration & Option for Health Improvement Guarantee package.

****All Premium 9 Series Pricing will increase in due course in view of higher costs.**

Most customers prefer to use purified water for washing and cooking because Chlorine in tap water can be easily absorbed into food during preparation. This can in turn affect food quality and health of consumers in the long run.

ABOUT CORAL PURE

Coral Pure Natural started R&D since 2011 and is a local brand that focuses on providing highest quality Antioxidant Hydrogen Mineral water.

We are the only water purifier company that develops and assembles Premium water dispensers, catered for Singapore.

Our tankless alkaline water purifiers are specially customised to suit Singapore's water and the tastes of local consumers. Our filters are imported according to the highest standards from leading countries such as Korea, the USA, Taiwan, China and Singapore. Water quality has been tested by Singapore SGS and TUV, the world's leading inspection, verification, testing and certification company.

This is unlike many other brands that procure alkaline water purifiers from the same overseas supplier under different brand logos. Water purifiers from most of these brands are unable to remove certain elements like fluoride that are unique to the tap water in Singapore.
